Total Population and Population of Scheduled Castes and Scheduled Tribes in Village Panchayats and Panchayat Unions - Sexwise

THANJAVUR DISTRICT

1991 CENSUS

Directorate of Census Operations
TAMIL NADU

PRICE Rs. 14.00.

E.14682

PREFACE

The 'Primary Census Abstract' of the 1991 Census containing some of the basic and most widely used population particulars for Tamil Nadu were released in January 1993 and they related to State, District, Community Development Block (Panchayat Union), City/Urban Agglomeration, Village and town/ward level data. Since then, a few 1991 Census publications have been released giving the final 1991 Census population for the above levels except villages and wards of towns. However, for these lower levels also, viz., villages and wards of towns, data are being issued in the form of computer print-outs and floppy diskettes by the State Census Directorate to the data seekers requiring such information, at nominal cost.

The Government of Tamil Nadu sought the release of a separate booklet containing the 1991 Census population by sex as also scheduled caste and scheduled tribe population of every village Panchayat in the State so as to refix the strength of these local bodies and also reserve seats for scheduled castes/Scheduled tribes and women in accordance with the provisions of the Constitution of India as amended by the Constitution (73rd amendment) Act, 1992. With the objective of meeting the urgent needs of the State Government in connection with the next elections to the above local bodies, the data as above are being brought out through this booklet.

It is hoped that this publication will be useful to the various government departments as also other public institutions, private and research bodies and individuals in connection with programmes of development.

Madras,
April 24, 1995.

M. NAGAPPAN,
Deputy Director of Census Operations.
